

What is Sports Premium?

The government is providing additional funding of £150 million per annum for academic years 2013 to 2014 and 2014 to 2015 to improve the provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary school head teachers. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Eligible schools Funding for schools will be calculated by reference to the number of primary-aged pupils (between the ages of 5 and 11), as recorded in the annual schools census in January 2013. Purpose of funding Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this

How this Action Plan will work?

This action plan outlines how PE will continue to be developed at Woodmancote over the coming year. It will show how the school intends to use the Primary PE and Sports Premium money. It will map out how the funding will be used to implement CPD for teaching staff, ensuring high quality teaching for all children.

We will continue to provide wide and varied opportunities for children to participate in competitive sports, through our memberships with Cheltenham and Tewkesbury School Sport Network and Cleeve Cluster. Furthermore, we will continue our excellent provision of sport through our clubs, ran by members of staff during lunchtimes and after school.

This is a working document and will be updated at various times in the year, and in line with the needs of children and the staff at Woodmancote.
