Dear Parents

Swimming Summer Term 2025

The school must offer swimming as part of the taught PE curriculum. Children are expected to reach the expected standard by the end of Year 6.

- Swim competently, confidently and proficiently over a distance of at least 25 metres
- Use a range of strokes effectively – e.g. front crawl, backstroke and breaststroke
- Perform safe self-rescue in different water-based situations

We offer a 10 week programme of swimming, but due to the costs, we ask for a voluntary contribution from parents. If parents choose not to make this voluntary contribution, the school will need to look elsewhere in its budget to cover the costs of coaches, swimming instructors and the hire of the pool.

It is essential that we have a clear idea of which children need swimming lessons to meet the criteria above and how many voluntary contributions we are expecting.

Please complete the form and return it to school by **Friday 14th February 2025**.

Year 3 children start swimming lessons on **Thursday 1st May 2025**. Swimming lessons will take place each Thursday afternoon at Tewkesbury Leisure Centre. There will be a course of 10 lessons throughout the term and the cost will be **£59**, which can be paid via Parentpay in the usual way. This can either be done as one payment or by installments with full payment by Wednesday 2nd April 2025.

Parent helpers who are on our Single Central Record of volunteers are needed to help escort the children. If you are able to accompany the children any week, please let your child's teacher know in person or via email.

Yours sincerely,

G Tucker

Year 3 Swimming – Summer Term 2025

Name of child Class

I give permission for my child to attend swimming

I will pay on parentpay by **Wednesday 2nd April 2025.**

My child can: (Please tick relevant boxes)

- Swim competently, confidently and proficiently over a distance of at least 25 metres
- Use a range of strokes effectively – e.g. front crawl, backstroke and breaststroke
- Perform safe self-rescue in different water-based situations
